Subject:- Art 275 of the Constitution.
Grant-in-aid to State Governments
Under the ---

Sir,

I am directed to refer to the Government of India letter, Ministry of Home Affairs No.74/42/51-Public, dated the 17th November 1951 and subsequent reminder of even number dated the 19th February 1952, on the subject mentioned above, and to sent herewith a list of schemes on account of which this Government is eligible to receive a substantial grant-in-aid under the first proviso to clause(1)of Art 275 of the Constitution. A brief description of the schemes in the prescribed from is given in the accompaniment to the letter.

2. The sub-joined statement indicates the measures for the amelioration of Scheduled Tribes and the Cost which this Government will have to incur on their account.

A- Schemes form which provision has been made in the next years' budget:-

Other Schemes.

	Provision Rs.
(a) Sepcial officers for the uplift of scheduled Tribes in Dahanu Kalyan Prants of the Thana District.	1,500
(b) Sepcial Staff for Bhil uplift work in West Khandesh District.	12,000
(c) Grant of Legal assistance to members of Scheduled Tribes.	2,000
	15,500

3. The Government of India has already sanctioned a grant of Rs.1 lakh on the expenditure of Rs,3,24,100/- on account of the special schools started for Katkaris in the Thana District(vide Government of India letter No.74/25/51-Public, dated the 2nd February 1952). The Government of India has observed in that letter that this scheme will qualifiy for grant-in-aid in 1952-53. Similarily Government of India has also agreed in that letter that for starting similar schools in the panchmahals District, assimilar grants-in-aid will be paid The 55 new schools which are proposed to be opened in the Dahanu and Mokhada Talukas of the Thana District are in extension of the scheme already approved by the Government of India. This Government ,therefore trusts that substantial grant-in-aid will be paid in 1952-53 on account of the scheme. With regard to grant for the Adivasigirls at Palghar and the starting of a Katkari Labour Organisation the Government of India had suggested in its letter No.74/25-51- Public, dated the 9th February 1952 that these schemes should be included in the list of schemes for 1952-53. They have accordingly been included in this list. The other measures in paragraph 2 above are almost solely meant for the uplift of the Scheduled Tribes and/or the Scheduled Areas and as such a-

eligible for grant under Art 275. It will be seen in paragraph 3 above that a provision of Rs.7,60,580Ø- has made in the next year's budget, for some of these schemes, that an expenditure of Rs.20,345/- has alarady incurred on one scheme and that a provison of Rs,1,82,638/- is proposed to be made on the remaining schemes.

4. This Government desire to point out that the schemes for the development of the Scheduled Tribes were being financed till this year practically wholly from the special Development Fund which was set up in the year 1938-39. This Fund has now been practically exhausted and in the ordinary course on account of the present financial stringency it would have become necessary to drop those schemes from the budget of 1952-53. This Government, however, has having regard to the great urgency of continuing these measures ment for the uplift of these backward classes and in anticipation of substantial grants-in-aid from the Central Government towards the provison of such facilities, have included the schemes in the budget. In the absence of such assistance this Government w ll be constrained to reduce the amenities at present provided for the Scheduled Tribes and/or the Scheduld Areas and in some cases to retrench the facilities altogether. This Government, therefore, hopes that the Central Government will duly appreciate the difficulties of the State and will generously sanction an adequate grant to enable us to continue and to expand our activities in this direction.

5. A review of the expenditure which is being incurred for the advancement of the Scheduled Tribes and/or Scheduled Areas is being carried out and a list of the further measures undertaken by this Government in various Departments for the purposes will be sent to you shortly.

6. The delay in sending this reply is regretted.

Yours faithfully,

V.N. Sardesai,
Secretary to the Government of Bombay,
Education Department.

Sir,

With reference to your D.O. letter No.WE/C 2552/3260-J dated the 21st January 1953 addressed to the Secretary to Government, Legal Department, I am directed to state that the Collectors concerned report that as no legal assistance was sought by the members of the Aboriginal and Hill Tribes no such assistance was given to them. The Collectors do not appear to have seriously taken steps to implement the scheme in deserving cases, and no progressive reprt for 1952-53 is submitted by them. However in view of the fact that as the Collectors have since been instructed to implement the scheme in right earnest, and some Collectors have indicated the approximate amount necessary for the Scheme, approximately an expenditure of Rs. 1200/- is likely to be incurred during the current financial year.

Yours faithfully.

Bombay Castle, 24th April 1941.

RESOLUTION OF GOVERNMENT.

In paragraph 219 (2) of his report, the Special Enquiry Officer appointed to report on measures for improvement of the conditions of Bills and other Aboriginal and Hill Tribes in partially excluded areas recommended that a member of such tribes "should be able to obtain free advice and representation from the Government Pleader or other pleader appointed for the purpose not only when proceedings threatended against him but also when he considers that he himself has been defrauded" and that "thecost of such consultations and presentations should be borne by the State." A scheme has now been worked out for granting legal assistance to such persons and it has been decided to introduce it experimentally during this year in two districts, west Khandesh in the Central Division and Broach and Panch Mahals in the Northern Division. Government is therefore pleased to direct that the scheme should be introduced in these two districts as soon as possible and that legal assistance would be granted to persons belonging to Aboriginal and Hill Tribes in these two districts, in accordance with the rules printed in the Appendix to this Resolution.

Subject:- Article 275 of the Constitution of India.
Uplift of the Scheduled Tribes and the
Scheduled Areas -
Grants-in-aid to State Government for the -

Sir,

I am directed to refer to the Government of India Letter Ministry of Home Affairs, No.74/98/52-Public, dated the 20th October 1952, on the subject mentioned above, and to forward herewith schemes which the Bombay Government proposes to implement during the year 1953-54 for the welfare of the Scheduled Tribes and the Scheduled Areas in this State and which are eligible for Central assistance under Art 275 of the Constitution of India. Statement 'A' shows the abstract of the schemes and Statement 'B' shows the detailed provisions on account of the various shhems included in the abstract. Detailed descriptions of the Schemes are also appended. Eleven copies of the abstract and of the Schemes are sent herewith as desired.

2. In the from accompanying the Government of India letter under reference, infromation was called for regarding the amounts provided for in the State budgets for the schemes, the amouts spents on these schemes and the Government of India grant received on account of these schemes for the years 1951-52 and 1952-53. As the Government of India is already aware, it was till recently the policy of the Bombay Government not to differentiate between the various sections of the Backward Class Communities, viz., the Scheduled Castes, the scheduled Tribes and the other Backward Classes, for purposes of various concessions sanctibned by Government for these communities. Consequently no separate accounts of the provisions provided for these communities or of the amounts spent on the welfare of these communities were kept till recently. It is, therefore, not possible to indicate with any degree of accuracy the amounts provided for the various schemes during the year 1951-52 and 1952-53. Separate accounts are being maintained from the current financial year only and such separate figures will be available from next year onwards.

P.T.O.

whatever information is available is given in the accompanying statements 'A' and 'B'.

3. During the current year, the Government of India has sanctioned a grant of Rs.8½ lakhs for the welfare measures undertaken by the Bombay Government for the benefit of the Scheduled Tribes and the Scheduled Areas- Rs.7½ lakhs under Government of India letter No.74/42/51- Public, dated the 17th July 1952 and Rs.½ Lakh under Government of India letter, No.74/33/52-Public dated the 7th January 1953. The amount of Government of India grant shown in the abstract is Rs,7,02,710. The difference is due to the fact that a number of schemes have been discontinued on the advice of the Commissioner for Scheduled Castes and Scheduled Tribes. Moreover, the Government of India's sanction to the third batch of schemes sent under this letter 1,2552-L, dated the 26th August 1952 was received on 7th January 1953. It was not, therefore, possible to implement these schemes during the current year as provision for these schemes has not been made in the next year's budget, it will also not be possible to implement these schemes during the course of the next year. This accounts for the difference between the Government of India grant of Rs. 8½ lakhs sanctioned during the current year and the amount of grant shown in the abstract.

4. Some of the schemes mentioned in the category of new schemes are already being implemented by the Bombay Government. They have been included in this category because they were not reported to the Government of India for grant during the course of the current year. Grant is being asked for on account of these schemes for the first time.

5. The schemes mentioned in the accompaniments to this letter are being undertaken by the Bombay Government in the hope that at least 50% of the grant will be paid thereon by the Central Government. In the present financial stringency, the Bombay Government finds it extremely difficult to continue the existing measures. In the case of schemes for the welfare of the Backward Classes(including the scheduled Tribes) the difficulty during the next year will be all the more acute. The special Development Fund from which these schemes were hiterto financed will be exhausted by the end of the current year. The Government of Bombay was, therefore confronted with the problem of either discontinuing these schemes or financing them from the ordinary revenues. It is only by pruning down other essential measures and with the assistance that will be forthcoming from the Government of India that the Bombay Government reposes to finance these measures during the year 1953-54. If the Central assistance is not forthcoming as expected t is Government will be constrained to reduce the provisions for these schemes and the cause of the Scheduled Tribes and the Scheduled Areas will consequently suffer. The Government of Bombay, therefore, hopes and trusts that the Central Government will pay a grant of Rs 37,94,824/- as shown in the abstract.

Yours faithfully

Respected Sir,

In compliance to your office memo No.12820/C dated 12th June 1953 I beg to submit that the C.S. No. 354/50 was dismissed for default of plaintiff, so the Court did not draw up the memo of cost. The Plaintiff claimed Rs.500 as damages, and there was no order as to cost. I submit the copy of daily proceeding with this.

2. The C.S. No. 195/51 was compromised as plaintiff and defendents, were brothers and Bhils by caste hence there was no Memo of Cost, but I am submiting the court summons and copy of the plaint served on the defendents.

3. CS.No. 380/51 was also compromised as parties were brothers, hence there was no memo of cost yet I submit court summons served on the defendent. The claim for the purpose of pleder's fees has been mentioned.

I have calculated the amount of pleader's fees on the claim- amount mentioned by the plaintiff for the purpose of pleader's fees and court jurisdiction, I hope with these documents your honour be kind to send these bills countersigned. to my address as S.N.
